

## KENYA REINSURANCE CORPORATION LTD

### ADDENDUM -1

Pursuant to section 75 of the PPADA 2015, Kenya Reinsurance Corporation Limited wishes to clarify to various aspects of the tender for SUPPLY AND DELIVERY OF ROBOTIC PROCESS AUTOMATION WITH ARTIFICIAL INTELLIGENCE SYSTEM - **TENDER NO: KRC/2025/2582/439**

Clarification	KenyaRe Response
Could you please clarify whether bidders are allowed to submit their proposal as a Joint Venture (JV) for this particular procurement? Your guidance on this matter will help us ensure compliance with the tender requirements.	Joint venture option is allowed. However, a Joint Venture Agreement MUST be submitted between the parties involved together with the bid document, with clear roles and responsibilities defined in the agreement.
Please see below additional clarifications: <ul style="list-style-type: none"><li>• Can we adopt a hybrid model for implementation or do you require 100% onsite implementation?</li><li>• Given that there is no price schedule given in the tender document, is there a specific pricing format you would prefer bidders to submit their proposals in, or can we apply our standard templates?</li></ul>	Hybrid can be adopted based on implementation stages and financial implication. Invoices will be honored based on the successful implementation of the project therefore focus should be on the completeness and timeliness of the implementation.  All costs should be broken down to annual costs, then aggregated to 3 years cumulatively as the contract cost.

The addendum has been sent to all bidders who have so far downloaded the respective tender documents. Any bidder who has not received their relevant addendum may download the same from the Kenya Re website **www.kenyare.co.ke**. All other conditions and requirements in the respective principal tender documents remain the same.

Prospective bidders may download the principal tender document from the Kenya Re website **www.kenyare.co.ke** free of charge
